

FIG. 1A

FIG. 1B

FIG. 1C

Figure 1 consists of two parts, (a) and (b), showing schematic diagrams of the experimental apparatus. Part (a) shows a 2x2 grid of square cells. Each cell contains a 3x3 grid of smaller squares. The width of the grid is labeled as ~10 cm. The label  $\frac{P}{4^2}$  is placed to the left of the grid. Part (b) shows a 2x2 grid of square cells. Each cell contains a 3x3 grid of circles. The width of the grid is labeled as ~1 to 10 mm. The label  $\frac{F}{4^2}$  is placed to the left of the grid. The label  $\frac{F}{4^2}$  is also placed to the right of the grid.

FIG. 2B

FIG. 2C

FIG. 3A

FIG. 3B

FIG. 3C

A schematic diagram showing a rectangular probe positioned above a solid support. The probe is labeled with  $(N) n$  at the top,  $(N) m$  at the bottom, and PROBE on the right side. The solid support is represented by a horizontal line at the bottom, labeled SOLID SUPPORT.
